The Civil Service Commission (CSC) has indicated that the “**new municipal police captains oral**” will count for 48% of the overall score for captain. As a result, a revised course specifically designed to deal with all aspects of this “new” exam will be taught. In the oral portion of the examination, candidates will be presented with information about a situation that has occurred/is occurring. Candidates will have to respond orally to questions/instructions regarding the situation. A candidate will present his/her response to a monitor, who will record the process using an audiocassette recorder and a video recorder. Test questions related to this portion of the exam will be based upon, but not limited to: oral communication, problem solving/decision making, and technical supervision. The results of the oral test component will account for a larger portion of the candidate's final test than ever before. My training is based upon the information provided to all candidates and changes are possible. The tuition paid is strictly to prepare you for that portion of the exam as announced and scheduled, tentatively for December. Changes by CSC are uncontrollable. All students must sign an agreement the first day of class regarding course policies and procedures. No cell phone use is permitted inside the classroom. Your photo ID is required for admission to all classes. There are **NO REFUNDS** for any reason. **NO PERSONAL CHECKS** will be accepted, only US Postal Money Orders. Class will be scheduled on an individual basis once tuition is received starting as early as second week in October. Most training will occur closer to the actual test date. Pre-registration is required in order to be accepted so **call (609) 586-6376 NOW** or email me at rgroth@optonline.net especially if you have questions. My signature below indicates that I understand and agree to the conditions and requirements listed on this form.
